Portuguese Beginning Knitting

Learn a new style of knitting that can alleviate strain on your hands where the yarn is tensioned around the neck running through a knitting pin attached to the left shoulder. The yarn is passed through the pin from the work in your left hand to the yarn ball. The yarn is tensioned with the right hand, but the action of forming the stitch happens with a flick of the left thumb bringing the yarn up to form the new stitch.

Cost: \$15 per session

At the end of the series, you will be rewarded with an abundance of knitting know-how and 12 beautiful squares to assemble into a sampler afghan. You are able to start the series any time and continue into the next year to complete.
